MAIN WITNESS TO TESTIFY

State Demands Extreme Penalty
For Offense of April 2, 1917—
Cause of the Trouble

The trial of Manford Stevens, charged jointly with Omar Stevens with assault and battery with intent to kill George Hoffman of Connersville, opened this morning in circuit court, attracting a large crowd because of the prominence of the parties involved. The defense asked for a separate trial and after this was granted the state elected to try Manford Stevens first. The alleged assault occurred April 2, 1917. The Stevens' are brothers and live in Noble township.

A military air was given the court at the opening session of the trial. Hoffman, the injured man, is now a member of the United States navy and appeared in court in uniform. He enlisted since the trouble with the Stevens brothers. The first two witnesses for the state were the attending physicians—Dr. Phillips and Dr. Osborne—both of who are lieutenants in the medical corps and came here from Fort Harrison to testify.

This afternoon it appeared certain the trial would last throughout tomorrow. Only two witnesses had been examined up until noon and the case was proceeding slowly. It is understood that both sides have a number of witnesses. The joint affidavit against the Stevens brothers was filed by William Hoffman of Laurel, father of George Hoffman.

The two physicians described Hoffman's injuries to the court and jury, the state going into detail regarding the injured man's condition. Dr. Phillips was the first witness. He told of Hoffman's having been brought to his office in Orange and described him as suffering from several cuts on the head, two broken ribs and a severe nervous shock.

Dr. Phillips declared that fifty hours after Hoffman came under his care he suffered a relapse and was kept alive only by the use of artificial respiration. The doctor stated that Hoffman's eyes were glassy and set and declared that the chances were one out of ten of his having lived had he not applied the artificial respiration. At this time Hoffman was at the home of his parents, having moved there from Orange.

Dr. Phillips said the injured man suffered from fear and for some time was delirious. On cross-examination Dr. Phillips admitted that Hoffman was able to walk into his office with the assistance of the driver of the automobile, Leroy Link. The Stevens farm, he stated was three and one-half miles from his office. He told of finding blood on Hoffman's clothing and on cross-examination stated that any scalp wound would bleed profusely. He gave it as his opinion that the wounds on the head had been caused by some blunt instrument.

Dr. Osborne described Hoffman's condition practically the same as Dr. Phillips. He told of administering morphine to the patient to keep him quiet and stated that the longest cut on his head had been closed by two stitches.

WOMAN WAS TOO INDEFINITE

Wanted Police to Get Gypsies;
Wouldn't Say Where They Were

A woman called at the fire department today and said she wanted the police to get the gypsies which were overrunning the city and stealing money. All efforts to learn her name or where the gypsies were proved without avail. She was asked how she expected the police to get the gypsies if they were not informed in what part of the city they were.

"And there are 500 of them at the fair grounds," was her parting words as she hung up the receiver. The police had no reports of thefts.

COUNCIL IS BUSY PREPARING BUDGET

Expects to Have it Ready Late To-
day and Will Pass it on Sec-
ond Reading Thursday

ALSO TO FIX THE TAX LEVY

The county council was in session today considering the appropriations and tax levy for next year. The appropriation ordinance was expected to be completed late today and read for the first time. The council will then pass the ordinance on the second reading Thursday. The tax levy will be established so as to raise the revenue called for in the budget. The council was to meet tomorrow but as some members wanted to go to the state fair, the next session will be held Thursday.

An attempt to give the total tax levy now would be mere guess work. The appropriations for the year will run close to \$300,000, the largest single item being for the payment of gravel road bonds. These bonds in 1918 will amount to close to \$100,000, and it is likely that the levy of 76 cents for the paying of bonds will be raised to give sufficient money to meet the indebtedness.

TO HELP A. E. MARTIN WIN AN APPOINTMENT

County Officials and Attorneys Sign
Petition Recommending Form-
er Rushville Man

SEEKING VACANCY ON BENCH

Local people are giving their influence to Alfred E. Martin of South Bend, formerly of this city, in an effort to get Governor Goodrich to appoint him judge of the superior court of St. Joseph county. A petition was signed by county officials and members of the local bar today urging Governor Goodrich to appoint Mr. Martin to the vacancy. All testified to his sterling character and ability as a lawyer.

Mr. Martin was born near Clarksburg and was graduated from Earlham college. He is a fine public speaker and is remembered here for his work in several campaigns. Mr. Martin was formerly a teacher in English and history in the local high school, leaving here seven years ago for South Bend. He has been in a law partnership there with Senator Hibberd and his appointment to the place he seeks would be most gratifying to his supporters here.

It is understood that there are four or five candidates for the place and a strong plea is being made with the governor for Mr. Martin from this county.

With the British Armies in the Field, Sept. 4.—Canadian troops early today penetrated more than 200 yards over German positions on a front of 600 yards north of Lens. The sudden drive badly mauled the surprised Germans.

TALK OF GOING TO HATTIESBURG NOW

S. O. S. CALL FOR CHICKEN

Fort Harrison, Ind., Sept. 2. Editor Republican:—Anyone wishing to send anything such as chicken, cake, pie, etc., to the Sanitary Detachment will be guaranteed it will be highly appreciated by the soldiers and will never be forgotten. Please address Chicken Committee. Raymond Benning, Sanitary Detachment, 4th Ind. Inf. Fort Harrison.

(Special to the Daily Republican.)

Fort Benjamin Harrison, Ind., Sept. 4.—The sanitary detachment of the Fourth Indiana infantry, which went into camp here last Wednesday after having been mobilized at Rushville for three and a half weeks, is already talking about proceeding to Hattiesburg, Miss., where Company B, Fourth Indiana, also of Rushville is in camp.

It is certain, however, that the detachment will remain here until the electrical apparatus of the lighting system and water pumping station is installed. The machinery was due at Hattiesburg before this and it is expected that a week will be required to install it.

Unless the detachment moves to Camp Shelby at Hattiesburg this week, which is improbable, the other infantry companies in the Fourth Regiment which are still in this state will be mobilized here. There are seven companies of this regiment still at their home stations.

The men of the detachment are called the "doctors" by the "dough-boys" of the infantry or line companies. It is apparent that the infantrymen realize that the sanitary bunch has a collection of fellows who do things and do them right.

The boys are receiving compliments on their drills. They made their second appearance on parade Sunday evening. They paraded for the first time last Friday night. The detachment's position on the parade ground is the extreme left of all of the infantry companies. Very good impressions were made by the detachment on the officers on both occasions. When parade is not held, the men hold "retreat" at their tents.

Saturday afternoon was spent cleaning up for Sunday. After a road hike and a first aid lecture Sunday morning, the detachment enjoyed a rest until time for parade at five o'clock in the evening. Some attended Chapel exercises Sunday afternoon at 2:30.

Yesterday was Labor Day and it was a good, stiff "labor" day because they loafed most of Sunday.

The private mounts of Major Cary and Lieutenant Green are in camp.

Among the visitors at the camp of the detachment Sunday were: Mrs. Ernest Mitchell, Mr. and Mrs. B. O. Wills, Chester Perin, Harold Wolcott, Dale Fisher, Charles Sherman, Roy Magill, Jack Francis and Larry Knecht, Mr. and Mrs. L. B. Osborne, Mr. and Mrs. Bert Osborne, Mr. and Mrs. Chase Cross and Mr. and Mrs. William Dagler of Rushville, Miss Buelah Thomas and brother of Greenfield and Miss Mary O'Brien of Connersville was the guest of Private Errol Stoops.

HAVE BOOTH AT COUNTY FAIR

Additional Prizes Will be Offered in
Baby Show on Wednesday—
Fair Gives \$20 in Cash

MILDRED ONEAL WINS \$5

Miss Mildred Oneal, daughter of Mr. and Mrs. W. S. Oneal, was today awarded the \$5 offered by the Rush County Fair association for guessing the association as advertiser who had a space in local newspapers last week. Her guess was mailed at 8 p. m. Aug. 27. B. A. Cox made two correct guesses mailed Aug. 29, and Frances Brooks guessed it Aug. 28.

Additional prizes besides those announced in the premium list will be given in the baby show at the Rush county fair. The prizes consist of two sets of undergarments donated by a Chicago firm, one for the best boy and one for the best girl. They were to be placed on display in the Maury company's windows today.

The show will be held on Wednesday morning and twenty dollars in cash prizes will be awarded. The first prize for the best boy will be five dollars; the second, three dollars, and the third, two dollars. The same prizes will be awarded to the girls. Mrs. A. L. Stewart, Dr. W. S. Coleman and Mrs. F. G. Hackleman are the judges.

Plans were being made today to place a small booth in the fine arts department where women of the county may sign the Hoover food conservation pledge cards. These cards were late in arriving here or they would have been distributed at the same time the war service cards were.

Secretary Bogue so far has been unable to get in communication with Horace Ellis; chairman of the educational section of the State Council of Defense, who offered the services of one or more speakers for a patriotic demonstration at the fair. The demonstration has been arranged for Wednesday, but the secretary can't find out who is going to speak. He has been unable to reach Mr. Ellis by telephone, so he wrote a letter to him yesterday evening and expects a reply tomorrow.

The city and most of the county has already been canvassed with the service cards issued by the Indiana League for Women's Service, indicating the experience, fitness and willingness of the sisters, wives and mothers of Indiana soldiers to do their bit. It was the intention of the County Council of Defense to have the Hoover food conservation campaign cards distributed at the same time, but they did not arrive here when expected.

Accordingly, the Tri Kappas canvassed the city with the service cards and many townships were covered by the representatives of women's division of the county defense body. They met with a ready response, except that in some cases women absolutely refused to sign one of the cards, fearing that they would obligate themselves to appear on the first line trenches.

Since the women workers on the defense council did not feel like asking the volunteers to make the canvass again, they have hit upon the scheme of having a booth at the fair, which they believe will be successful.

Word from the bedside of Mrs. O. C. Norris, who is in a Lafayette hospital, was that her condition today was slightly improved.

TWO AMENDMENTS ARE LOST

Senators Battling to Make Riches
Pay War Bill Are Defeated

(By United Press.)

Washington, Sept. 4.—Senators battling to make riches pay the war bill were defeated twice today. The Hollis amendment to the revenue bill which would establish war profits as different between normal profits and the total 1917 income was beaten 57 to 12 by those favoring the committee plan.

Senator LaFollette's amendment placing a 60 per cent tax on war profits was then beaten 50 to 18.

CIVILIANS TREAD THE ROAD TO WAR

"Send Off" Celebrations Held All
Over United States For First
Increments Leaving Today.

PARADE IN WASHINGTON, D. C.

(By United Press.)

Washington, Sept. 4.—Men of the national army whose feet have known only the paths of peace tread today the road to war.

Lead by their commander-in-chief, President Wilson, the first drafted men of the capitol marched the length of Pennsylvania avenue, the way of present and troops of other days.

Tottering veterans of both sides of the civil war; cabinet officers; soldiers of the senate and house; soldiers of the war with Spain; civilians from government departments; army and navy officers; cavalymen on rearing mounts; marines and other fighters joined in this solemn procession.

In cities throughout the country the same spirit was shown with different actors in "send off" celebrations.

DORA STUTTLE FAILS TO SHOW UP TODAY

His Place in First Increment to go
to Louisville Tomorrow is
Taken by Arthur Grisby

MAY REACH CAMP BY NOON

A change in the personnel of the four men from this county to be sent to the cantonment at Louisville tomorrow was made this afternoon when Dora Stuttle failed to show up for instructions and his place was filled by Arthur Grisby of Richland. The men who will make the trip to Louisville leaving here in the morning at 7:10 over the Pennsylvania are Eli Kinney, James Jordan, Noland Hood and Grisby.

The men were instructed to be at the clerk's office tomorrow morning at 6:25 o'clock. A member of the board will accompany the men to the depot and arrange for the tickets to Louisville. The men are due in Louisville at 11:30 o'clock and the board had not decided this afternoon whether to issue a meal ticket to the men as they may possible reach the camp in time for dinner.

Stuttle was visiting in Carthage and failed to get his notice. He will be sent with the second bunch.

Look For Man Throwing Acid In Face of 15-Year-Girl

(By United Press.)

Warsaw, Ind., Sept. 4.—Hundreds of armed farmers are searching the vicinity of Silver Lake for a man who threw carbolic acid on Hazel Deaton, 15 year old daughter of Cyrus Deaton. When the stranger appeared at the Deaton home he demanded something to eat. When the girl, who was alone, attempted to hook the screen door he threw acid on her and fled.

OFFICERS NAMED FOR HOME GUARD

Dr. Frank M. Sparks is Captain;
George Coons, 1st. Lieut.; Guy
Mulbarger, 2nd Lieut.

50 MEN REQUIRED STRENGTH

Applications May be Made to Any
of Officers—Age Qualifications
Are 18 to 45 Years

With the appointment of officers, the foundation for the organization of a company of Home Guards, which will eventually become the state militia, has been laid here.

Dr. Frank M. Sparks, who was authorized by Governor Goodrich to organize a company here, has been appointed captain. George Coons will be first lieutenant and Guy Mulbarger, second lieutenant.

Dr. Sparks is captain general of the Knights Templars here. George Coons is captain of the Uniform Rank, Knights of Pythias. Mr. Mulbarger had military training in Kentucky before moving to Rushville.

Recruiting of the company will start immediately. Applicants for enlistment may apply to either of the three officers.

The regulations issued by the state authorities is that a company shall be composed of fifty enlisted men and three officers and that officers and men alike shall pass a fairly rigid physical and mental examination. It is stated, however, that the examination will not be as strict as that which it is necessary to pass to be admitted to the regular army or the federalized national guard.

It was pointed out today by officers of the company that the state is asking a very small service of the men who have not been called on to serve their country in the present emergency. The need of a state militia is plain, it is shown, because the national guard has all been called into the federal service to be trained for fighting in France and the state is without any protection whatever outside of that afforded by the local police forces and county sheriffs. The State Council of Defense and other patriotic organizations have declared repeatedly that joining the Home Guards is a patriotic service which every man not called on to fight owes his country.

Men between the ages of eighteen for forty-five will be accepted if they pass the examination. Men of draft age who have been exempted will be accepted. When the required number is obtained for the local company, drill will be held once a week. No place for drilling has been settled on, but it is thought that the corridors of the court house will be used until a more suitable place is found.

The officers of the local company were in Shelbyville Sunday and learned that seventy men had enlisted in the company there, which is commanded by Wray Deprez. They have already held two drills.

The company will be mustered in as a regular unit of the state militia as soon as the required strength is reached. Enlistment is for duration of the war only and for service within the state only. There will be no financial compensation for enlisted men or officers except in case of active duty and it will not exceed that of national guard members. When mustered in, the company will be subject to the call of the governor at any and all times.

Just as soon as the regulations are met, the company may make application to be mustered in as a unit of the state militia. The best of the units mustered in will be equipped as rapidly as possible. The equipped units will be distributed as generally as possible throughout the state.

ITS mighty fine to see the interest so many farmers
around here are taking in a better grade of engines.
The Mogul kerosene engines we have sold up to date
have all made such good records for steadiness and
economy, and have proved themselves such good
money makers for their owners, that we've been getting

Price may sell some things to farmers, but price alone is a
poor argument when compared with the records for low cost
of operation that Mogul kerosene engines are making in this
neighborhood. If you are in the market for an engine, any-

TESTIFY AS TO INJURIES OF GEORGE HOFFMAN

Continued From Page 1

Hoffman was expected to take the
stand this afternoon.

Only an hour was consumed in
getting a jury and a total of seven
men were excused. The jury is com-
posed of the following men: Luther
Downey, Lewis Cline, Elza Billings,
C. R. Oldham, William Gordon, Elihu
Price, Elsie Haywood, S. C. Miller,
Joseph Scott, E. B. Vickrey, Otto
Krammes and George F. Mounts.

The state is represented by Al-
bert C. Stevens, prosecuting attor-
ney, I. N. McCarty of Brookville
and G. Edwin Johnston of Con-
nersville. The opening statement
for the state was made by I. N.

McCarty. The defense is represented
by Megee and Ross and Donald L.
Smith.

In the opening statement Mc-
Carty told the jury the circum-
stances leading up to the assault on
Hoffman, which occurred April 2 at
the Stevens home in Noble town-
ship. McCarty stated that Hoff-
man was in ill health last winter
and spent a large part of the win-
ter in the south. On returning to
Connersville Hoffman decided to go
to the Stevens home and see his
son. The son, a boy, four years old
was in charge of his mother, Hoff-
man's divorced wife, Mrs. Dessie
Hoffman, a niece of Manford and
Omar Stevens.

The state's version was that

Hoffman hired an automobile at
Glenwood to take him to the Ste-
vens home. The machine was driven
by Leroy Link. According to Mc-
Carty, Larue Hinchman, a Glenwood
boy, accompanied them. Hinchman
was playing with the butt end of a
buggy whip and took this along.
Arriving at the Stevens home, ac-
cording to the opening statement to
the jury, Hoffman was met at the
door by Dessie Hoffman and ordered
away at the point of a double
barrel shot gun.

McCarty told the jury that Hoff-
man informed her he did not want
any trouble and only desired to see
his son. He was ordered away, ac-
cording to the statement. Hoffman
then went back to the machine and
the driver started backing out of
the lane. The Stevens home is
some 150 yards distant from the
main highway. It is alleged that the
hired hand at the Stevens home
gave a signal and at this signal the
Stevens brothers, Manford and
Omar came up behind the auto and
that Manford Stevens reached in
from the left side of the car and
grabbed Hoffman by the collar and
jerked him over to the right side of
the machine.

At the same time he took the
loaded buggy whip from the Hinch-
man boy, according to McCarty,
and beat Hoffman over the head. In
the meantime, according to the
opening statement, Omar Stevens, on
the right side of the machine, was
beating Hoffman with his fists. Mc-
Carty stated that the testimony
would show that Hoffman was beat-
en insensible and sustained many
cuts about the head and two frac-
tured ribs. It is contended by the
state that he hovered between life
and death for several days.

In closing McCarty asked the
jury for the extreme penalty on the
charge of assault and battery with
intent to kill.

DESTROYING DYNASTY NOT U. S. PEACE BASIS

Government Will be Content With
Internal Reforms Which Will
Insure Safety in Dealings

ELIMINATION IS SHORT CUT

(By United Press.)

Washington, Sept. 4.—Actual
elimination of the Hohenzollern
dynasty has not been prescribed by
the American government as a peace
basis, the state department said to-
day.

The indications are now that this
government will be content with in-
ternal reforms in Germany which
will insure safety in dealing with
other nations.

While officials believe elimination
of the kaiser would be a short cut to
this result, they said today there is
no attempt to dictate the German
form of government. The United
States will be the judge whether or
not any attempted reforms are bona
fide or sufficient—and all must
abolish those sinister elements which
have come to be known as Hohen-
zollernism.

The Power of Paint
 "I never heard," said a farmer's wife, at one of the Farm Center meetings, "what a few dollars spent in paint could do for a person's health. You see my nerves were all splintered and working in a dingy kitchen didn't improve them much. No matter how I scrubbed and polished, the kitchen always looked dismal and I got so I just hated the sight of it. Then my husband went to a farm meeting and the Farm Adviser said something about more cheerful surroundings for the farmer's wife. He said they were worth dollars and cents to the farmer and that the whole nerve cure, as he called it, could be cured for a few dollars. My husband was impressed. He had the kitchen painted. You should see it now. It is so cheerful and so light that it almost seems that two or three windows had been put in it. Then, too, we fixed up our BED ROOM all in white and I bought some new hangings, and, well—that paint cured my nerves."
 There is no questioning about the powerful influence of helpful, cheerful home surroundings and environments. JUST TRY IT NOW IN YOUR OWN HOME. "BRIGHTEN THE CORNER WHERE YOU LIVE"

School Attendance Emphasized

Ministers are urged to preach on the importance of school attendance as a patriotic duty this year, and Sunday School superintendents and leaders of young peoples' societies in the various churches are asked to make school attendance a special topic, in a letter addressed by the Commissioner of Education to churches and religious papers throughout the United States. In urging the churches to help in the campaign for greater school attendance, Dr. Claxton says: "It is of the greatest importance that the schools of the United State of all kinds and grades—public, private, and parochial—be maintained during the war without any lowering of their standards or falling off in their attendance.

"This is necessary both for the protection of our boys and girls against many unusual temptations to delinquencies of various kinds, and that they may have full opportunity for preparation for the work of life and for the duties and responsibilities of citizenship; all of which will require a higher degree of preparation because of the war.

"For many reasons there will be need in this country for higher standards in average of ability, knowledge, and virtue, when the boys and girls now in our schools have reached manhood and womanhood than we or any other people have yet attained to.

"In the making of public opinion and popular sentiment necessary for the maintenance of standards of efficiency, to keep children in the schools, and to prevent their exploitation in the mills and shops, the churches may do much. I am therefore appealing to all ministers to urge this from their pulpits, and to all superintendents of Sunday schools and all leaders of young peoples' societies to have this matter discussed in their meetings.

"To do this is a patriotic duty which should be performed gladly, both for the present defence and for the future welfare of the country."

11 Fatalities To 1,000

The federal committee on public information has obtained from official information concerning fatalities in the war which further supports the contention of Roger Babson, famous statistician, that it is just as safe to go to war as it is to remain at home and run the risk of being killed in ordinary, everyday accidents.

The figures of the committee on public information, taken when the casualties were greatest in proportion to mobilized strength and combined with the highest proportion of deaths, show losses due to deaths from wounds and killed in action to be approximately 11 in every 1,000 of mobilized strength.

According to the figures presented by the French High Commissioner in his letter to the Secretary of War, the highwater mark of casualties in the French army was reached early in the war—at the battles of Charle-roi and the Marne. The casualties in that period were 5.41 per cent of the mobilized strength, or 541 men in every 10,000 with the colors.

Military experts in this country agree that the killed in action and died of wounds have never exceeded at any time in this war 20 per cent of the total casualties. This gives a figure of 108.2 fatalities from these causes in every 10,000 mobilized strength, or practically 11 men killed in action or died of wounds for every 1,000 men with the colors.

To the mind of the American girl, a grave source of danger lies in the kisses of those French girls. Better get him well in hand before he leaves Jennie; then you can make him "Pay the Piper" when he returns.

A bell boy in a New York hotel had his automobile stolen recently. It's time these idle rich quit leaving their baubles around loose to tempt the cupidity of less fortunate folks.

The girls at the bathing beaches account for the scantiness of their attire on the ground that they are practicing economy, and Mr. Man hasn't a kick to register.

A sensible man doesn't care for his wife having the last word. What gets his goat is for her to claim the first, too, and then all in between.

The fellow who had a vacant lot and didn't cultivate it is now kicking himself every time he has to buy a few wilted vegetables.

Troy, N. Y., has more women wage earners than men. Must be a case of, "Everybody Works But Father."

Mr. and Mrs. James Thomas of Anderson are visiting Mr. and Mrs. Otto Cameron. Mr. was formerly a rural route carrier but has resigned.

William Cameron, son of Mr. and Mrs. Otto Cameron, commenced his second year Monday as teacher at the Johnson school in Orange township, Fayette county. After having contracted to teach at the same school this winter, he was offered a position teaching the seventh and eighth grades of Alquina schools at a greatly increased salary.

Mrs. J. E. Walther is suffering from a slight attack of tonsillitis.

Mrs. Campbell has gone to Parke county, Indiana for a visit of a few days.

Master Joseph Walther is visiting Mr. and Mrs. Walther of Claybank, Ind.

A. P. Reynolds and son Garrett and Mr. Matney and son Lowell have returned from Broad Ripple, near Indianapolis, where they spent their vacation.

The revival meeting at the M. E. church closed Sunday with excellent services. The Rev. James Brown of Arlington preached Sunday morning at 10:30. The Rev. L. E. Brown of The Connorsville Christian church preached Friday night. There were no services Saturday night.

Earl Hinchman has purchased the old Hinchman homestead at \$160 an acre. There are 120 acres in the farm.

Ogden Dailey will attend Rushville high school this winter.

The Rev. J. T. Aikin preached at the United Presbyterian church Sunday afternoon following Bible school.

Dr. Levering of Lafayette came Sunday and spent the day and Mrs. Levering and daughter Frances, who have been visiting her mother, Mrs. Ann Ochiltree, returned home with him.

A car loaded with lumber running into Orlanda Nichol's mill here fell through the track one day last week and caused considerable damage.

Mr. and Mrs. Clyde Matney and sons John and Austen and Mr. and Mrs. Elmer Stevens and daughter

Janice of Orange were entertained by Mr. and Mrs. Leslie Link and son Sunday.

The Glenwood school opened Monday. Ralph Peck, the principal, is confident that the school year will be productive of good results.

Do you throw away "ham gravy" or bacon fat, Madam Housewife, because it is too greasy for ordinary use?

Here is a way suggested by the U. S. Department of Agriculture to make it blend into soups or gravies instead of floating as a greasy layer on top.

Stir into each two tablespoons of melted grease one-half tablespoon of flour. The mixture will blend easily into milk soups, stock soups, sauces or gravies and give an appetizing flavor.

AMBASSADOR OF RUSSIA SPEAKS

Delivers Main Address Today At Annual Meeting of American Bar Association

TELLS OF COUNTRY'S COURTS

George Sutherland Opposes Government Ownership But Justifies Control in War Times

(By United Press.)

Saratoga Springs, N. Y. Sept. 4.—Boris A. Bekhmetieff, Russian Ambassador delivered the annual address at the fortieth annual meeting of the American Bar association here today.

Bakhmetieff spoke on "the Relation of the Judiciary to the March of Democracy." He visualized the past, present and proposed future of the courts of Russia.

Edgar T. Brackett, Saratoga Springs, welcomed the members of the association. The meeting will continue through Thursday.

George Sutherland, president of the association, in his annual address today spoke on "Private Rights and Government Control."

Sutherland, while coming out flat-footed against Government ownership of various public utilities and other business explained that it "may be justified in time of war."

He pointed out that government ownership of telephone, telegraph and railroad lines would "enlarge the legislative pork barrel."

"If to the annual rivers and harbors pork barrel and the biennial public buildings pork barrel we should add an annual railroad pork barrel" Sutherland said, "the public expenditures would increase to such a sum that the three billion dollar Congress would be looked back to as an example of political self restraint and economy."

Senator Thomas Hardwick, Georgia, will address the meeting late today on "The Interstate Commerce Clause of the Constitution of the United States."

Tonights program includes a reception by the New York State Bar Association.

Charles E. Hughes, New York will be the principal speaker tomorrow. William H. Burgess, Texas will speak Thursday.

OFFICERS ARE NAMED FOR THE HOME GUARD

in the opinion of the Secretary of War, is considered suitable for wear by Home Guard and which would not be in conflict with section 125, act of Congress approved June 3, 1916, is as follows:

Coat—A single-breasted, straight-front, four-button sack coat, with lapels, having two outside hip bel-lows pockets and one outside breast bellows pocket. White-metal buttons with state coat of arms and shoulder loops.

Trousers—Of same material as coat.

Cap—Of same material as coat, vizor and chin strap to be black-enameled leather. Buttons of white metal with state coat of arms.

Cap ornament—The letters "H. G." of white metal, of suitable height, inclosed in white-metal wreath in front.

Collar ornament—The letters "H. G." of white metal, of suitable height on each side of collar of coat.

Rank insignia—Same as illustrated in General Orders, No. 49, War Department, 1916 pages 43 and 44. (Copy attached.)

Chevrons—To be placed on sleeves midway between shoulder and elbow. First sergeant, a shield with three white horizontal bars; sergeant, a circle with three white horizontal bars; corporal, a circle with two white horizontal bars.

Shirt and collar—Of white material.

Cravat—A black four-in-hand.

Material—For coat, trousers, and cap it is tentatively suggested that the material be part wool and part cotton, of suitable weight, of either forestry green or blue gray.

CIVILIAN RELIEF HOLDS CONFERENCE

Department of Red Cross Lays Plan to Train Volunteer Workers For Home Service

TO PLAY PART ELDER BROTHER

Institutes Will be Held Throughout Country and Instruction Will Last Six Weeks

Washington, Sept. 4.—As the first step in a plan to train volunteer Red Cross workers for home service during the war, the Department of Civilian Relief of the American Red Cross is holding a conference of Home Service Directors here today.

While the Government will assume the care of dependent families of soldiers, there will be need for other than material aid which the Red Cross plans to provide. It will be able to place at the disposal of families medical and legal aid together with advice and suggestion on those affairs which ordinarily are settled by the husband. In his absence the Red Cross will act as an elder brother to his family. This is called home service.

Following the Washington conference, institutes to train volunteers in home service will be established throughout the country. Courses of instruction will last six weeks and include lectures and practical field work. Membership in Institutes will be limited to twenty-five in order to assure adequate personal attention to each pupil.

The Institutes will be in charge of special directors appointed by the Red Cross and will be run in connection with colleges or schools in the various cities. In charge of these institutes, W. Frank Persons, director general of Civilian Relief, has appointed Dr. Thomas J. Riley, general secretary of the Brooklyn Bureau of Charities, and Porter R. Lee of the New York School of Philanthropy.

Courses of instruction for Home Service workers will be held in practically every large city in the country. Extension courses will be given for smaller cities and towns.

"ONWARD WITH GOD" WIRES THE KAISER

Felicitates Prince Leopold For Capturing Riga and Exults With His People

MESSAGE TO THE KAISERINE

Amsterdam, Sept. 4.—Kaiser Wilhelm exulted today with his people over capture of Riga from the Russians. Berlin dispatches quoted this extract from a message sent by him to the kaiserine:

"This is a new milestone of German strength and unerring will for victory. May God help us further."

The kaiser also wired his congratulations to Prince Leopold whose troops took the Russian city.

"Your far seeing leadership and iron will for victory guaranteed this fine success," he declared. "Onward with God."

COMPANY B BOYS GET ACCLIMATED

Robert R. Conway Writes That They Are Becoming Accustomed to Hot Sun at Camp Shelby

NO MOSQUITOES, HE SAYS

Few Are Homesick But Outside of That All Are O. K.—Ten Y. M. C. A. Camps There

The following letter from Robert R. Conway, a member of Company B at Hattiesburg, tells that the members of the company are beginning to like the place and points out that it takes a little time to get used to the southern climate. Mosquitoes are not to be found, according to Conway and outside of a little homesickness the boys are feeling fine. The letter follows:

This is some place to be after you know it. It is warm enough through the day but you have to sleep under blankets at night for it gets mighty cool. I am getting used to the hot sun and although I have been here two weeks have not felt or seen a mosquito. All the boys are feeling fine but a few are homesick, but outside of that we are all O. K.

The camp has about ten Y. M. C. A. camps. Drilling has been light, we don't drill at all in the afternoon or on Saturday, or Sunday. We had a nice march the other day and explored the camp. We found many things to interest us such as snakes, lizards, wild hogs and cattle, negroes and stumps. Hattiesburg is some town. A good many good looking girls and the people treat us swell. I met the county clerk the other day and he invited me into church and said, he would take me out to dinner. Guess maybe I won't go!

Most of the boys are running short of funds and would welcome a pay day.

LOWELL ENNIS, 3, DEAD

Lowell L. Ennis, the three-year-old son of Mr. and Mrs. William Ennis of Homer, died this morning at 7:30 o'clock at their home there after a short illness from cholera infantum. The funeral arrangements have not been completed.

Society

Miss Marie Clark was the hostess last evening, when she entertained with a six o'clock luncheon at her home in North Sexton street, in honor of her eighteenth birthday. A large cake centered the table and hand painted place cards marked the places for the guests. The only light in the dining room was shed by red candles, which were placed at the plate of each guest. The supper was served in four courses and guests included the Misses Katherine Guffin, Dorothy Sparks, Helen Frazee, Dorothy Mulno, Elsie Frazee, Gladys Tittsworth, Harriet Smith, Phyllis Dean, Marjory Thomas, of Omaha, Neb., Margaret Ball and her house guest, Lela Burton of Sheridan, Marian Tittsworth, Lois Reeve, Mary Louise Poe, Kathryn Wooden and Mary Louise Bliss.

The Band of Workers of the First Presbyterian church will hold the first meeting of the new year in the church parlors Wednesday afternoon. The election of officers for the coming year will take place. All members are urged to be present. Those who are indebted to the society are requested to come prepared to pay their dues so that the books may be closed for the year.

Mr. and Mrs. W. E. Harton were the host and hostess, yesterday when they entertained at dinner the following guests, Mr. and Mrs. Uila Friend and son Joseph of Vincennes, Mrs. T. M. Friend and Mr. and Mrs. William Oliver and family of Indianapolis. In the evening the guests were entertained by Mr. and Mrs. Earl Harton at their country home northwest of this city.

SPEECH SAME AS ONE GIVEN HERE

Outline of What Senator Watson Said At Virginia State Convention Reveals This Fact

DENIES THE ACCUSATION

Says He Did Not Charge President With Treachery But Did Say War Was Unpopular

An outline of Senator James E. Watson's speech made before the republican state convention of Virginia at Roanoke last Thursday, for which he was attacked by Representative Carter Glass of Virginia, contained in Washington dispatches today, discloses that his reference to the war were practically the same as those he made in an address on the closing day of the Rush county chautauqua here.

No one accused him of attacking the war policy of the administration in his speech here, but Representative Glass, who is chairman of the house committee on banking and currency, is quoted in Washington dispatches as saying that if Senator Watson represented the views of Virginia republicans, they were beaten before the campaigns opens. Senator Watson denied the charge of Glass that he accused the president with treachery in asking congress to declare war on Germany.

A statement printed in Washington dispatches this morning, which reveals that his Virginia speech was practically the same as the one delivered here, is as follows:

"I did not accuse the president of treachery in getting the country into war. I did say that this war is an unpopular one and I pointed out the reasons why it is unpopular. I showed that it is difficult to work up enthusiasm in a war 3,000 miles away. Among other things I said that there is much dissatisfaction among those who supported the President last year on the strength of his having kept the country out of war because within six months of his re-election he led the country into war against the greatest military power on the globe.

"I told all the reasons for the prevailing dissatisfaction, but I did not

criticise or condemn the war policy of the administration. On the other hand I pointed out why the United States is in the war and urged those present to stand by the government loyally. Practically the universal sentiment among the people of Virginia, regardless of politics, is lukewarm toward the war and I think I did some good in arousing the people to support the government in this war crisis."

107 DEAD; 86 WOUNDED NAVAL CASUALTIES

German Aeroplanes Raid British Naval Base and Military Depot Monday Night

I KILLED ON ISLE OF THANET

London, Sept. 4.—German aeroplanes last night raided Chatham-Sheerness area of England (Chatham is a British naval base and Sheerness is a naval and military depot), inflicting what were officially described today as "naval casualties" totally 107 dead and 86 wounded.

On the Isle of Thanet the raiders killed one more and wounded six other persons.

The mention of "naval casualties" and the large number of killed and wounded may indicate the loss of a battleship through the air raid.

TESTIFY AS TO INJURIES OF HOFFMAN

Physicians Describe Man's Condi-
tion After Alleged Assault by
Omar and Manford Stevens

LATTER GOES ON TRIAL TODAY

Military Air to Court Because Hoff-
man is in Navy and Doctors
Are in Medical Corps

MAIN WITNESS TO TESTIFY

State Demands Extreme Penalty
For Offense of April 2, 1917—
Cause of the Trouble

The trial of Manford Stevens, charged jointly with Omar Stevens with assault and battery with intent to kill George Hoffman of Connersville, opened this morning in circuit court, attracting a large crowd because of the prominence of the parties involved. The defense asked for a separate trial and after this was granted the state elected to try Manford Stevens first. The alleged assault occurred April 2, 1917. The Stevens' are brothers and live in Noble township.

A military air was given the court at the opening session of the trial. Hoffman, the injured man, is now a member of the United States navy and appeared in court in uniform. He enlisted since the trouble with the Stevens brothers. The first two witnesses for the state were the attending physicians—Dr. Phillips and Dr. Osborne—both of who are lieutenants in the medical corps and came here from Fort Harrison to testify.

This afternoon it appeared certain the trial would last throughout tomorrow. Only two witnesses had been examined up until noon and the case was proceeding slowly. It is understood that both sides have a number of witnesses. The joint affidavit against the Stevens brothers was filed by William Hoffman of Laurel, father of George Hoffman.

The two physicians described Hoffman's injuries to the court and jury, the state going into detail regarding the injured man's condition. Dr. Phillips was the first witness. He told of Hoffman's having been brought to his office in Orange and described him as suffering from several cuts on the head, two broken ribs and a severe nervous shock.

Dr. Phillips declared that fifty hours after Hoffman came under his care he suffered a relapse and was kept alive only by the use of artificial respiration. The doctor stated that Hoffman's eyes were glassy and set and declared that the chances were one out of ten of his having lived had he not applied the artificial respiration. At this time Hoffman was at the home of his parents, having moved there from Orange.

Dr. Phillips said the injured man suffered from fear and for some time was delirious. On cross-examination Dr. Phillips admitted that Hoffman was able to walk into his office with the assistance of the driver of the automobile, Leroy Link. The Stevens farm, he stated was three and one-half miles from his office. He told of finding blood on Hoffman's clothing and on cross-examination stated that any scalp wound would bleed profusely. He gave it as his opinion that the wounds on the head had been caused by some blunt instrument.

Dr. Osborne described Hoffman's condition practically the same as Dr. Phillips. He told of administering morphine to the patient to keep him quiet and stated that the longest cut on his head had been closed by two stitches.

WOMAN WAS TOO INDEFINITE

Wanted Police to Get Gypsies;
Wouldn't Say Where They Were

A woman called at the fire department today and said she wanted the police to get the gypsies which were overrunning the city and stealing money. All efforts to learn her name or where the gypsies were proved without avail. She was asked how she expected the police to get the gypsies if they were not informed in what part of the city they were.

"And there are 500 of them at the fair grounds," was her parting words as she hung up the receiver. The police had no reports of thefts.

COUNCIL IS BUSY PREPARING BUDGET

Expects to Have it Ready Late To-
day and Will Pass it on Sec-
ond Reading Thursday

ALSO TO FIX THE TAX LEVY

The county council was in session today considering the appropriations and tax levy for next year. The appropriation ordinance was expected to be completed late today and read for the first time. The council will then pass the ordinance on the second reading Thursday. The tax levy will be established so as to raise the revenue called for in the budget. The council was to meet tomorrow but as some members wanted to go to the state fair, the next session will be held Thursday.

An attempt to give the total tax levy now would be mere guess work. The appropriations for the year will run close to \$300,000, the largest single item being for the payment of gravel road bonds. These bonds in 1918 will amount to close to \$100,000, and it is likely that the levy of 76 cents for the paying of bonds will be raised to give sufficient money to meet the indebtedness.

TO HELP A. E. MARTIN WIN AN APPOINTMENT

County Officials and Attorneys Sign
Petition Recommending Form-
er Rushville Man

SEEKING VACANCY ON BENCH

Local people are giving their influence to Alfred E. Martin of South Bend, formerly of this city, in an effort to get Governor Goodrich to appoint him judge of the superior court of St. Joseph county. A petition was signed by county officials and members of the local bar today urging Governor Goodrich to appoint Mr. Martin to the vacancy. All testified to his sterling character and ability as a lawyer.

Mr. Martin was born near Clarksburg and was graduated from Earlham college. He is a fine public speaker and is remembered here for his work in several campaigns. Mr. Martin was formerly a teacher in English and history in the local high school, leaving here seven years ago for South Bend. He has been in a law partnership there with Senator Hibberd and his appointment to the place he seeks would be most gratifying to his supporters here.

It is understood that there are four or five candidates for the place and a strong plea is being made with the governor for Mr. Martin from this county.

With the British Armies in the Field, Sept. 4.—Canadian troops early today penetrated more than 200 yards over German positions on a front of 600 yards north of Lens. The sudden drive badly mauled the surprised Germans.

Raymond Benning,
Sanitary Detachment,
4th Ind. Inf. Fort Harrison.

(Special to the Daily Republican.)

Fort Benjamin Harrison, Ind., Sept. 4.—The sanitary detachment of the Fourth Indiana infantry, which went into camp here last Wednesday after having been mobilized at Rushville for three and a half weeks, is already talking about proceeding to Hattiesburg, Miss., where Company 'B,' Fourth Indiana, also of Rushville is in camp.

It is certain, however, that the detachment will remain here until the electrical apparatus of the lighting system and water pumping station is installed. The machinery was due at Hattiesburg before this and it is expected that a week will be required to install it.

Unless the detachment moves to Camp Shelby at Hattiesburg this week, which is improbable, the other infantry companies in the Fourth Regiment which are still in this state will be mobilized here. There are seven companies of this regiment still at their home stations.

The men of the detachment are called the "doctors" by the "dough-boys" of the infantry or line companies. It is apparent that the infantrymen realize that the sanitary bunch has a collection of fellows who do things and do them right.

The boys are receiving compliments on their drills. They made their second appearance on parade Sunday evening. They paraded for the first time last Friday night. The detachment's position on the parade ground is the extreme left of all of the infantry companies. Very good impressions were made by the detachment on the officers on both occasions. When parade is not held, the men hold "retreat" at their tents.

Saturday afternoon was spent cleaning up for Sunday. After a road hike and a first aid lecture Sunday morning, the detachment enjoyed a rest until time for parade at five o'clock in the evening. Some attended Chapel exercises Sunday afternoon at 2:30.

Yesterday was Labor Day and it was a good, stiff "labor" day because they loafed most of Sunday.

The private mounts of Major Cary and Lieutenant Green are in camp.

Among the visitors at the camp of the detachment Sunday were: Mrs. Ernest Mitchell, Mr. and Mrs. B. O. Wills, Chester Perin, Harold Wolcott, Dale Fisher, Charles Sherman, Roy Magill, Jack Francis and Larry Knecht, Mr. and Mrs. L. B. Osborne, Mr. and Mrs. Bert Osborne, Mr. and Mrs. Chase Cross and Mr. and Mrs. William Dagler of Rushville, Miss Buelach Thomas and brother of Greenfield and Miss Mary O'Brien of Connersville was the guest of Private Errol Stoops.

HAVE BOOTH AT COUNTY FAIR

Additional Prizes Will be Offered in
Baby Show on Wednesday—
Fair Gives \$20 in Cash

MILDRED ONEAL WINS \$5

Miss Mildred Oneal, daughter of Mr. and Mrs. W. S. Oneal, was today awarded the \$5 offered by the Rush County Fair association for guessing the association as advertiser who had a space in local newspapers last week. Her guess was mailed at 8 p. m. Aug. 27. B. A. Cox made two correct guesses mailed Aug. 29, and Frances Brooks guessed it Aug. 28.

Additional prizes besides those announced in the premium list will be given in the baby show at the Rush county fair. The prizes consist of two sets of undergarments donated by a Chicago firm, one for the best boy and one for the best girl. They were to be placed on display in the Mauzy company's windows today.

The show will be held on Wednesday morning and twenty dollars in cash prizes will be awarded. The first prize for the best boy will be five dollars; the second, three dollars, and the third, two dollars. The same prizes will be awarded to the girls. Mrs. A. L. Stewart, Dr. W. S. Coleman and Mrs. F. G. Hackleman are the judges.

Plans were being made today to place a small booth in the fine arts department where women of the county may sign the Hoover food conservation pledge cards. These cards were late in arriving here or they would have been distributed at the same time the war service cards were.

Secretary Bogue so far has been unable to get in communication with Horace Ellis; chairman of the educational section of the State Council of Defense, who offered the services of one or more speakers for a patriotic demonstration at the fair. The demonstration has been arranged for Wednesday, but the secretary can't find out who is going to speak. He has been unable to reach Mr. Ellis by telephone, so he wrote a letter to him yesterday evening and expects a reply tomorrow.

The city and most of the county has already been canvassed with the service cards issued by the Indiana League for Women's Service, indicating the experience, fitness and willingness of the sisters, wives and mothers of Indiana soldiers to do their bit. It was the intention of the County Council of Defense to have the Hoover food conservation campaign cards distributed at the same time, but they did not arrive here when expected.

Accordingly, the Tri Kappas canvassed the city with the service cards and many townships were covered by the representatives of women's division of the county defense body. They met with a ready response, except that in some cases women absolutely refused to sign one of the cards, fearing that they would obligate themselves to appear on the first line trenches.

Since the women workers on the defense council did not feel like asking the volunteers to make the canvass again, they have hit upon the scheme of having a booth at the fair, which they believe will be successful.

Word from the bedside of Mrs. O. C. Norris, who is in a Lafayette hospital, was that her condition today was slightly improved.

TWO AMENDMENTS ARE LOST

Senators Battling to Make Riches
Pay War Bill Are Defeated

(By United Press.)

Washington, Sept. 4.—Senators battling to make riches pay the war bill were defeated twice today.

The Hollis amendment to the revenue bill which would establish war profits as different between normal profits and the total 1917 income was beaten 57 to 12 by those favoring the committee plan.

Senator LaFollette's amendment placing a 60 per cent tax on war profits was then beaten 50 to 18.

CIVILIANS TREAD THE ROAD TO WAR

"Send Off" Celebrations Held All
Over United States For First
Increments Leaving Today.

PARADE IN WASHINGTON, D. C.

(By United Press.)

Washington, Sept. 4.—Men of the national army whose feet have known only the paths of peace tread today the road to war.

Lead by their commander-in-chief, President Wilson, the first drafted men of the capitol marched the length of Pennsylvania avenue, the way of present and troops of other days.

Tottering veterans of both sides of the civil war; cabinet officers; soldiers of the senate and house; soldiers of the war with Spain; civilians from government departments; army and navy officers; cavalrymen on rearing mounts; marines and other fighters joined in this solemn procession.

In cities throughout the country the same spirit was shown with different actors in "send off" celebrations.

DORA STUTTLE FAILS TO SHOW UP TODAY

His Place in First Increment to go
to Louisville Tomorrow is
Taken by Arthur Grisby

MAY REACH CAMP BY NOON

A change in the personnel of the four men from this county to be sent to the cantonment at Louisville tomorrow was made this afternoon when Dora Stuttle failed to show up for instructions and his place was filled by Arthur Grisby of Richland. The men who will make the trip to Louisville leaving here in the morning at 7:10 over the Pennsylvania are Eli Kinney, James Jordan, Noland Hood and Grisby.

The men were instructed to be at the clerk's office tomorrow morning at 6:25 o'clock. A member of the board will accompany the men to the depot and arrange for the tickets to Louisville. The men are due in Louisville at 11:30 o'clock and the board had not decided this afternoon whether to issue a meal ticket to the men as they may possibly reach the camp in time for dinner.

Stuttle was visiting in Carthage and failed to get his notice. He will be sent with the second bunch.

Look For Man Throwing Acid In Face of 15-Year-Old Girl

(By United Press.)

Warsaw, Ind., Sept. 4.—Hundreds of armed farmers are searching the vicinity of Silver Lake for a man who threw carbolic acid on Hazel Deaton, 15 year old daughter of Cyrus Deaton. When the stranger appeared at the Deaton home he demanded something to eat. When the girl, who was alone, attempted to hook the screen door he threw acid on her and fled.

OFFICERS NAMED FOR HOME GUARD

Dr. Frank M. Sparks is Captain;
George Coons, 1st. Lieut.; Guy
Mulbarger, 2nd Lieut.

50 MEN REQUIRED STRENGTH

Applications May be Made to Any
of Officers—Age Qualifications.
Are 18 to 45 Years

With the appointment of officers, the foundation for the organization of a company of Home Guards, which will eventually become the state militia, has been laid here.

Dr. Frank M. Sparks, who was authorized by Governor Goodrich to organize a company here, has been appointed captain. George Coons will be first lieutenant and Guy Mulbarger, second lieutenant.

Dr. Sparks is captain general of the Knights Templars here. George Coons is captain of the Uniform Rank, Knights of Pythias. Mr. Mulbarger had military training in Kentucky before moving to Rushville.

Recruiting of the company will start immediately. Applicants for enlistment may apply to either of the three officers.

The regulations issued by the state authorities is that a company shall be composed of fifty enlisted men and three officers and that officers and men alike shall pass a fairly rigid physical and mental examination. It is stated, however, that the examination will not be as strict as that which it is necessary to pass to be admitted to the regular army or the federalized national guard.

It was pointed out today by officers of the company that the state is asking a very small service of the men who have not been called on to serve their country in the present emergency. The need of a state militia is plain, it is shown, because the national guard has all been called into the federal service to be trained for fighting in France and the state is without any protection whatever outside of that afforded by the local police forces and county sheriffs. The State Council of Defense and other patriotic organizations have declared repeatedly that joining the Home Guards is a patriotic service which every man not called on to fight owes his country.

Men between the ages of eighteen for forty-five will be accepted if they pass the examination. Men of draft age who have been exempted will be accepted. When the required number is obtained for the local company, drill will be held once a week. No place for drilling has been settled on, but it is thought that the corridors of the court house will be used until a more suitable place is found.

The officers of the local company were in Shelbyville Sunday and learned that seventy men had enlisted in the company there, which is commanded by Wray Deprez. They have already held two drills.

The company will be mustered in as a regular unit of the state militia as soon as the required strength is reached. Enlistment is for duration of the war only and for service within the state only. There will be no financial compensation for enlisted men or officers except in case of active duty and it will not exceed that of national guard members. When mustered in, the company will be subject to the call of the governor at any and all times.

Just as soon as the regulations are met, the company may make application to be mustered in as a unit of the state militia. The best of the units mustered in will be equipped as rapidly as possible. The equipped units will be distributed as generally as possible throughout the state.

ITS mighty fine to see the interest so many farmers
around here are taking in a better grade of engines.
The Mogul kerosene engines we have sold up to date
have all made such good records for steadiness and
economy, and have proved themselves such good
money makers for their owners, that we've been getting

Price may sell some things to farmers, but price alone is a
poor argument when compared with the records for low cost
of operation that Mogul kerosene engines are making in this

TESTIFY AS TO INJURIES OF GEORGE HOFFMAN

Continued From Page 1

Hoffman was expected to take the
stand this afternoon.

Only an hour was consumed in
getting a jury and a total of seven
men were excused. The jury is com-
posed of the following men: Luther
Downey, Lewis Cline, Elza Billings,
C. R. Oldham, William Gordon, Elihu
Price, Elsie Haywood, S. C. Miller,
Joseph Scott, E. B. Vickrey, Otto
Krammes and George F. Mounts.

The state is represented by Al-
bert C. Stevens, prosecuting attor-
ney, I. N. McCarty of Brookville
and G. Edwin Johnston of Con-
nersville. The opening statement
for the state was made by I. N.

McCarty. The defense is represented
by Megee and Ross and Donald L.
Smith.

In the opening statement Mc-
Carty told the jury the circum-
stances leading up to the assault on
Hoffman, which occurred April 2 at
the Stevens home in Noble town-
ship. McCarty stated that Hoff-
man was in ill health last winter
and spent a large part of the win-
ter in the south. On returning to
Connersville Hoffman decided to go
to the Stevens home and see his
son. The son, a boy, four years old
was in charge of his mother, Hoff-
man's divorced wife, Mrs. Dessie
Hoffman, a niece of Manford and
Omar Stevens.

The state's version was that

Hoffman hired an automobile at
Glenwood to take him to the Stev-
ens home. The machine was driven
by Leroy Link. According to Mc-
Carty, Larue Hinchman, a Glenwood
boy, accompanied them. Hinchman
was playing with the butt end of a
buggy whip and took this along.
Arriving at the Stevens home, ac-
cording to the opening statement to
the jury, Hoffman was met at the
door by Dessie Hoffman and ordered
away at the point of a double
barrel shot gun.

McCarty told the jury that Hoff-
man informed her he did not want
any trouble and only desired to see
his son. He was ordered away, ac-
cording to the statement. Hoffman
then went back to the machine and
the driver started backing out of
the lane. The Stevens home is
some 150 yards distant from the
main highway. It is alleged that the
hired hand at the Stevens home
gave a signal and at this signal the
Stevens brothers, Manford and
Omar came up behind the auto and
that Manford Stevens reached in
from the left side of the car and
grabbed Hoffman by the collar and
jerked him over to the right side of
the machine.

At the same time he took the
loaded buggy whip from the Hinch-
man boy, according to McCarty,
and beat Hoffman over the head. In
the meantime, according to the
opening statement, Omar Stevens, on
the right side of the machine, was
beating Hoffman with his fists. Mc-
Carty stated that the testimony
would show that Hoffman was beat-
en insensibly and sustained many
cuts about the head and two frac-
tured ribs. It is contended by the
state that he hovered between life
and death for several days.
In closing McCarty asked the
jury for the extreme penalty on the
charge of assault and battery with
intent to kill.

dynasty has not been prescribed by
the American government as a peace
basis, the state department said to-
day.

The indications are now that this
government will be content with in-
ternal reforms in Germany which
will insure safety in dealing with
other nations.

While officials believe elimination
of the kaiser would be a short cut to
this result, they said today there is
no attempt to dictate the German
form of government. The United
States will be the judge whether or
not any attempted reforms are bona
fide or sufficient—and all must
abolish those sinister elements which
have come to be known as Hohen-
zollernism.

The Power of Paint
"I never heard," said a farmer's wife, at one of the Farm Center meetings, "what a few dollars spent in paint could do for a person's health. You see my nerves were all splintered and working in a dingy kitchen didn't improve them much. No matter how I scrubbed and polished, the kitchen always looked dismal and I got so I just hated the sight of it. Then my husband went to a farm meeting and the Farm Adviser said something about more cheerful surroundings for the farmer's wife. He said they were worth dollars and cents to the farmer and that the whole nerve cure, as he called it, could be cured for a few dollars. My husband was impressed. He had the kitchen painted. You should see it now. It is so cheerful and so light that it almost seems that two or three windows had been put in it. Then, too, we fixed up our BED ROOM all in white and I bought some new hangings, and, well—that paint cured my nerves."
There is no questioning about the powerful influence of helpful, cheerful home surroundings and environments. JUST TRY IT NOW IN YOUR OWN HOME. "BRIGHTEN THE CORNER WHERE YOU LIVE"

School Attendance Emphasized

Ministers are urged to preach on the importance of school attendance as a patriotic duty this year, and Sunday School superintendents and leaders of young peoples' societies in the various churches are asked to make school attendance a special topic, in a letter addressed by the Commissioner of Education to churches and religious papers throughout the United States. In urging the churches to help in the campaign for greater school attendance, Dr. Claxton says:

"It is of the greatest importance that the schools of the United States of all kinds and grades—public, private, and parochial—be maintained during the war without any lowering of their standards or falling off in their attendance.

"This is necessary both for the protection of our boys and girls against many unusual temptations to delinquencies of various kinds, and that they may have full opportunity for preparation for the work of life and for the duties and responsibilities of citizenship; all of which will require a higher degree of preparation because of the war.

"For many reasons there will be need in this country for higher standards in average of ability, knowledge, and virtue, when the boys and girls now in our schools have reached manhood and womanhood than we or any other people have yet attained to.

"In the making of public opinion and popular sentiment necessary for the maintenance of standards of efficiency, to keep children in the schools, and to prevent their exploitation in the mills and shops, the churches may do much. I am therefore appealing to all ministers to urge this from their pulpits, and to all superintendents of Sunday schools and all leaders of young peoples' societies to have this matter discussed in their meetings.

"To do this is a patriotic duty which should be performed gladly, both for the present defence and for the future welfare of the country."

11 Fatalities To 1,000

The federal committee on public information has obtained from official information concerning fatalities in the war which further supports the contention of Roger Babson, famous statistician, that it is just as safe to go to war as it is to remain at home and run the risk of being killed in ordinary, everyday accidents.

The figures of the committee on public information, taken when the casualties were greatest in propor-

tion to mobilized strength and combined with the highest proportion of deaths, show losses due to deaths from wounds and killed in action to be approximately 11 in every 1,000 of mobilized strength.

According to the figures presented by the French High Commissioner in his letter to the Secretary of War, the highwater mark of casualties in the French army was reached early in the war—at the battles of Charleroi and the Marne. The casualties in that period were 5.41 per cent of the mobilized strength, or 541 men in every 10,000 with the colors.

Military experts in this country agree that the killed in action and died of wounds have never exceeded at any time in this war 20 per cent of the total casualties. This gives a figure of 108.2 fatalities from these causes in every 10,000 mobilized strength, or practically 11 men killed in action or died of wounds for every 1,000 men with the colors.

To the mind of the American girl, a grave source of danger lies in the kisses of those French girls. Better get him well in hand before he leaves Jennie; then you can make him "Pay the Piper" when he returns.

Do you throw away "ham gravy" or bacon fat, Madam Housewife, because it is too greasy for ordinary use?

Here is a way suggested by the U. S. Department of Agriculture to make it blend into soups or gravies instead of floating as a greasy layer on top.

Stir into each two tablespoons of melted grease one-half tablespoon of flour. The mixture will blend easily into milk soups, stock soups, sauces or gravies and give an appetizing flavor.

AMBASSADOR OF RUSSIA SPEAKS

Delivers Main Address Today At Annual Meeting of American Bar Association

TELLS OF COUNTRY'S COURTS

George Sutherland Opposes Government Ownership But Justifies Control in War Times

(By United Press.)

Saratoga Springs, N. Y. Sept. 4.—Boris A. Bekhmetieff, Russian Ambassador delivered the annual address at the fortieth annual meeting of the American Bar association here today.

Bakhmetieff spoke on "the Relation of the Judiciary to the March of Democracy." He visualized the past, present and proposed future of the courts of Russia.

Edgar T. Brackett, Saratoga Springs, welcomed the members of the association. The meeting will continue through Thursday.

George Sutherland, president of the association, in his annual address today spoke on "Private Rights and Government Control."

Sutherland, while coming out flat-footed against Government ownership of various public utilities and other business explained that it "may be justified in time of war."

He pointed out that government ownership of telephone, telegraph and railroad lines would "enlarge the legislative pork barrel."

"If to the annual rivers and harbors pork barrel and the biennial public buildings pork barrel we should add an annual railroad pork barrel" Sutherland said, "the public expenditures would increase to such a sum that the three billion dollar Congress would be looked back to as an example of political self restraint and economy."

Senator Thomas Hardwick, Georgia, will address the meeting late today on "The Interstate Commerce Clause of the Constitution of the United States."

Tonights program includes a reception by the New York State Bar Association.

Charles E. Hughes, New York will be the principal speaker tomorrow. William H. Burgess, Texas will speak Thursday.

CIVILIAN RELIEF HOLDS CONFERENCE

Department of Red Cross Lays Plan to Train Volunteer Workers For Home Service

TO PLAY PART ELDER BROTHER

Institutes Will be Held Throughout Country and Instruction Will Last Six Weeks

Washington, Sept. 4.—As the first step in a plan to train volunteer Red Cross workers for home service during the war, the Department of Civilian Relief of the American Red Cross is holding a conference of Home Service Directors here today.

While the Government will assume the care of dependent families of soldiers, there will be need for other than material aid which the Red Cross plans to provide. It will be able to place at the disposal of families medical and legal aid together with advice and suggestion on those affairs which ordinarily are settled by the husband. In his absence the Red Cross will act as an elder brother to his family. This is called home service.

Following the Washington conference, institutes to train volunteers in home service will be established throughout the country. Courses of instruction will last six weeks and include lectures and practical field work. Membership in Institutes will be limited to twenty-five in order to assure adequate personal attention to each pupil.

The Institutes will be in charge of special directors appointed by the Red Cross and will be run in connection with colleges or schools in the various cities. In charge of these institutes, W. Frank Persons, director general of Civilian Relief, has appointed Dr. Thomas J. Riley, general secretary of the Brooklyn Bureau of Charities, and Porter R. Lee of the New York School of Philanthropy.

Courses of instruction for Home Service workers will be held in practically every large city in the country. Extension courses will be given for smaller cities and towns.

The Logical Shoe For Tender Feet

Some shoes actually take the joy out of life; because the feet ache and pain continually. Our shoes are logical for women who are on their feet much of the time.

Our shoes are made over lasts which are drafted to the lines of the foot, which equalizes the weight and protects sensitive joints against pressure.

You can easily forget your tired and aching feet and walk with buoyancy in a pair of our shoes.

"ONWARD WITH GOD" WIRES THE KAISER

Felicitates Prince Leopold For Capturing Riga and Exults With His People

MESSAGE TO THE KAISERINE

Amsterdam, Sept. 4.—Kaiser Wilhelm exulted today with his people over capture of Riga from the Russians. Berlin dispatches quoted this extract from a message sent by him to the kaiserine:

"This is a new milestone of German strength and unerring will for victory. May God help us further."

The kaiser also wired his congratulations to Prince Leopold whose troops took the Russian city.

"Your far seeing leadership and iron will for victory guaranteed this fine success," he declared. "Onward with God."

COMPANY B BOYS GET ACCLIMATED

Robert R. Conway Writes That They Are Becoming Accustomed to Hot Sun at Camp Shelby

NO MOSQUITOES, HE SAYS

Few Are Homesick But Outside of That All Are O. K.—Ten Y. M. C. A. Camps There

The following letter from Robert R. Conway, a member of Company B at Hattiesburg, tells that the members of the company are beginning to like the place and points out that it takes a little time to get used to the southern climate. Mosquitoes are not to be found, according to Conway and outside of a little homesickness the boys are feeling fine. The letter follows:

This is some place to be after you know it. It is warm enough through the day but you have to sleep under blankets at night for it gets mighty cool. I am getting used to the hot sun and although I have been here two weeks have not felt or seen a mosquito. All the boys are feeling fine but a few are homesick, but outside of that we are all O. K.

The camp has about ten Y. M. C. A. camps. Drilling has been light, we don't drill at all in the afternoon or on Saturday, or Sunday. We had a nice march the other day and explored the camp. We found many things to interest us such as snakes, lizards, wild hogs and cattle, negroes and stumps. Hattiesburg is some town. A good many good looking girls and the people treat us swell. I met the county clerk the other day and he invited me into church and said, he would take me out to dinner. Guess maybe I won't go!

Most of the boys are running short of funds and would welcome a pay day.

SPEECH SAME AS ONE GIVEN HERE

Outline of What Senator Watson Said At Virginia State Convention Reveals This Fact

DENIES THE ACCUSATION

Says He Did Not Charge President With Treachery But Did Say War Was Unpopular

An outline of Senator James E. Watson's speech made before the republican state convention of Virginia at Roanoke last Thursday, for which he was attacked by Representative Carter Glass of Virginia, contained in Washington dispatches today, discloses that his reference to the war were practically the same as those he made in an address on the closing day of the Rush county chautauqua here.

No one accused him of attacking the war policy of the administration in his speech here, but Representative Glass, who is chairman of the house committee on banking and currency, is quoted in Washington dispatches as saying that if Senator Watson represented the views of Virginia republicans, they were beaten before the campaign opens. Senator Watson denied the charge of Glass that he accused the president with treachery in asking congress to declare war on Germany.

A statement printed in Washington dispatches this morning, which reveals that his Virginia speech was practically the same as the one delivered here, is as follows:

"I did not accuse the president of treachery in getting the country into war. I did say that this war is an unpopular one and I pointed out the reasons why it is unpopular. I showed that it is difficult to work up enthusiasm in a war 3,000 miles away. Among other things I said that there is much dissatisfaction among those who supported the President last year on the strength of his having kept the country out of war because within six months of his re-election he led the country into war against the greatest military power on the globe. "I told all the reasons for the prevailing dissatisfaction, but I did not

Society

Miss Marie Clark was the hostess last evening, when she entertained with a six o'clock luncheon at her home in North Sexton street, in honor of her eighteenth birthday. A large cake centered the table and hand painted place cards marked the places for the guests. The only light in the dining room was shed by red candles, which were placed at the plate of each guest. The supper was served in four courses and guests included the Misses Katherine Giffin, Dorothy Sparks, Helen Frazee, Dorothy Mulno, Elsie Frazee, Gladys Tittsworth, Harriet Smith, Phyllis Dean, Marjory Thomas, of Omaha, Neb., Margaret Ball and her house guest, Lela Burton of Sheridan, Marian Tittsworth, Lois Reeve, Mary Louise Poe, Kathryn Wooden and Mary Louise Bliss.

The Band of Workers of the First Presbyterian church will hold the first meeting of the new year in the church parlors Wednesday afternoon. The election of officers for the coming year will take place. All members are urged to be present. Those who are indebted to the society are requested to come prepared to pay their dues so that the books may be closed for the year.

Mr. and Mrs. W. E. Harton were the host and hostess, yesterday when they entertained at dinner the following guests, Mr. and Mrs. Ulla Friend and son Joseph of Vincennes, Mrs. T. M. Friend and Mr. and Mrs. William Oliver and family of Indianapolis. In the evening the guests were entertained by Mr. and Mrs. Earl Harton at their country home northwest of this city.

criticise or condemn the war policy of the administration. On the other hand I pointed out why the United States is in the war and urged those present to stand by the government loyally. Practically the universal sentiment among the people of Virginia, regardless of politics, is lukewarm toward the war and I think I did some good in arousing the people to support the government in this war crisis."

107 DEAD; 86 WOUNDED NAVAL CASUALTIES

German Aeroplanes Raid British Naval Base and Military Depot Monday Night

I KILLED ON ISLE OF THANET

London, Sept. 4.—German aeroplanes last night raided Chatham-Sheerness area of England (Chatham is a British naval base and Sheerness is a naval and military depot), inflicting what were officially described today as "naval casualties" totally 107 dead and 86 wounded.

On the Isle of Thanet the raiders killed one more and wounded six other persons.

The mention of "naval casualties" and the large number of killed and wounded may indicate the loss of a battleship through the air raid.
